WestermoConnect
A click and a password away from the world

Westermo
Robust Industrial Data Communications
– Made Easy

3G / GPRS router

MRD-350

⠿ -20 to 60°C operating temperature
⠿ Integral DIN-rail mounting clip
⠿ Compact design
⠿ Easy to use firewall
⠿ Secure VPN with encryption

Dual SIM
support

2 port
switch

RS-232
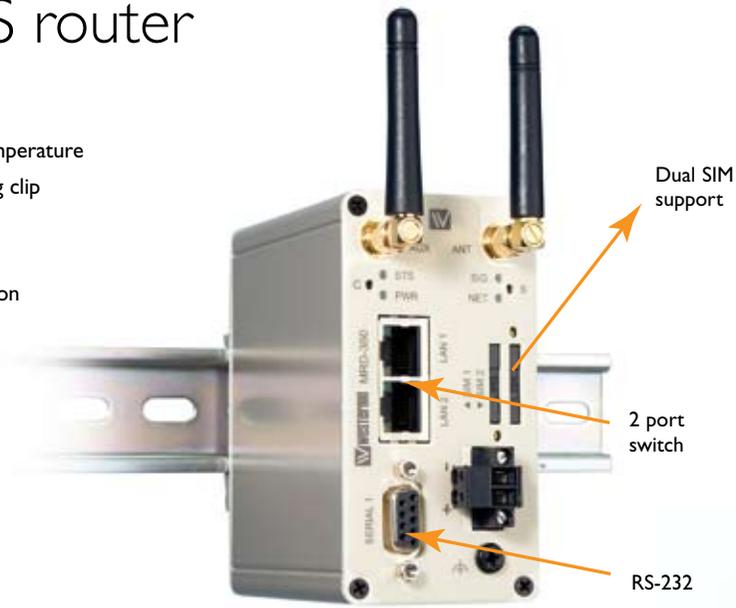

ADSL broadband router

ADSL-350

⠿ -25 to 70°C operating temperature
⠿ Integral DIN-rail mounting clip
⠿ Compact design
⠿ Easy to use firewall
⠿ Secure VPN with encryption

2 port
switch

RS-232

WestermoConnect

Cloud based remote access solution for the industrial world

⠿ VPNeFree – up to 3 remote connections (1 concurrent user connection)
⠿ VPNeSub – up to 1000 remote connections (10 concurrent user connections)
⠿ 10Gbit fibre back bone
⠿ Available 24/7 with 99.99% availability
⠿ Connect from anywhere in the world
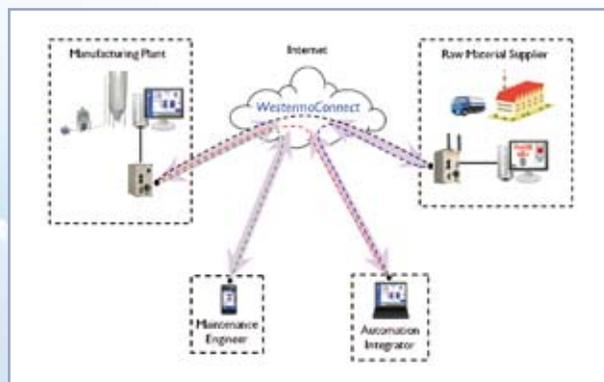

WestermoConnect *Security*
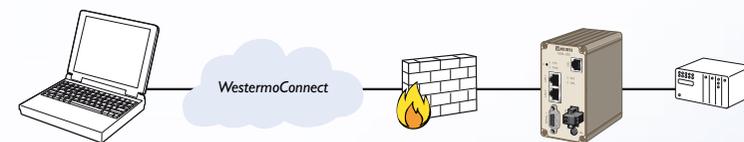

WestermoConnect is based on secure VPNs throughout.

The VPNs are encrypted using "strong" encryption algorithms such as AES 128-256 bit or Blowfish, and can be certificates or pre-shared keys (PSK).

Security at the remote site can be enhanced by the inspect state firewall built in to the MRD-350 and ADSL-350.

VPN	Open VPN & IPSec (product dependant)
Encryption	3DES, AES, Blowfish ,SHA1, MD5, Certificates (product dependant)
System Management	SNMP V2c, email alerts, extensive logging and diagnostics. All mobile routers support SMS VPN on demand
VPN Client	Free SSL client, (HTTPS port 443) (Open VPN 1194)
Compatible Hardware	**ADSL:** ADSL-350, DR-260, DR-270 **3G:** MRD-350, MR-260, MR-270, MRD-310, MRD-330 **GPRS:** MR-210 **Remote LAN Router:** Lynx L2xx series, RedFox
VPNeFree	3 connections, 1 concurrent client connection, no management interface, subnet / IP addresses assigned by Westermo
VPNeSub	1000 connections, 10 concurrent client connections, access to management interface, no restriction on subnets / IP addresses used
Topologies	One to many (user client to remote machine) Many to many (all site exchange data)* Point to point (leased line replacement)* Point to multipoint (multidrop leased line replacement)* *Not available with VPNeFree
